

Usui Reiki Level 1 Practitioner Course

October 18 & 19th

Reiki is an ancient natural healing modality utilizing life force energy to restore the body's natural balance and health. Reiki can free energy blocks that can affect optimal efficiency of cells, organs and electromagnetic energy. Energy blocks can result from traumatic experiences and even past life "baggage" carried into this lifetime. Reiki helps bring the body, mind and spirit into energetic alignment. A beautiful side effect is that it relaxes the recipient to an amazing degree. It is also excellent for healing plants and animals.

First degree attunements open the physical body so that it can accept and channel greater quantities of life force energy, raising your vibratory rate by 4 times. The final attunement completes the process by sealing the channel open so that you can maintain the accelerated ability to channel Reiki energy for the rest of your life. *Some Reiki Masters believe that the attunement is a kind of karmic payback, releasing negative karma as if in reward for becoming a healer.*

The ability to do Reiki comes immediately upon receiving attunements. You will leave this course as a certified Reiki Level 1 Practitioner and will forever have the incredible gift of healing to enjoy and share with the world.

Saturday & Sunday October 18 & 19th
10:00 am – 6:00 pm both days
